About Us

[Internet Access Solutions Ltd.](#) (IASL) a Toronto based Canadian owned Broadband Service provider (ISP) that was founded in 1998 to supply quality High Speed Internet Services to business, residential and multi-dwelling residential complexes since 2006.

IASL is a facilities based carrier, We own and operate a private broadband wireless network throughout Toronto and GTA. Combining this infrastructure with several Wireline Access technologies enables [IASL](#) to create unparalleled redundancy solutions for our business and residential customers.

Our **IASL** Service Commitment

[Internet Access Solutions Ltd.](#) (IASL) is a Toronto based Broadband Service Provider. The company successfully delivers leading-edge technology solutions to network-dependent organizations.

IASL has built a solid business by recommending technologies that are best suited to each company's environment. For several years the Telecommunications industry has been developing technologies that enable corporations to converge data and voice network requirements together on one single manageable platform. IASL has focused on these technologies. Today we incorporate them into real deployments. Once deployed the benefits to our clients have been overwhelming.

Features

Features & Benefits

- **Unlimited Bandwidth** - Use your connection as much as you need to and never worry about usage charges.
- **Simple Installation** - You can be installed and up and running within 5-7 business days after signing your contract.
- **Static IP Addresses** - All our services include static IP addresses free of charge.
- **Multiple Upstream Connections** - Ensure your service is always operational in the event of a failure on our side of our network.
- **Monitoring of all Customer Connections** - Your link is monitored 24/7 by our Network Operations Center, we will pro-actively start to resolve problems as they come up
- **Local Customer Support** - Live technical expertise is available 7 days a week, 365 days a year.
- **Simple Billing** - We offer simple, fee-based billing. Easy multi-year commitments, no hidden fees, no surprises.
